The NDIS and other service systems

11. The NDIS operates alongside other service systems in accordance with the APTOS. All governments have agreed that the guiding principles outlined in the APTOS will be used to determine the funding and delivery responsibilities of the NDIS; and that the interactions of the NDIS with other systems will reinforce the obligations of other service delivery systems to improve the lives of people with disability, in line with the National Disability Strategy.
12. The service decisions regarding support for NDIS participants made by the NDIA and other service systems, in line with the principles in the APTOS, should be implemented in a consistent manner. To support this, the NDIA will continue to publish all Operational Guidelines that guide decision making about funding supports for NDIS participants.

13. The APTOS may be amended from time to time. Recognising that changes to the APTOS impact the NDIS and other service systems; any changes to the APTOS will be undertaken through a collaborative and jointly agreed process between the Commonwealth and all states and territories and will be agreed by COAG.

Part 4 – Governance

Ministerial Council

14. The NDIS is established by the NDIS Act and as outlined in Part 5 of the NDIS Act the NDIS is overseen by a Ministerial Council. The NDIS Act defines the Ministerial Council as being designated by COAG as having responsibility for the NDIS, and as being subject to COAG guidance for Ministerial Councils.
15. The Ministerial Council consists of the Commonwealth and all states and territories, and currently comprises Ministers with responsibility for disability and Treasury portfolios.
16. The Ministerial Council is supported by a Senior Officials Working Group (SOWG), chaired by the Commonwealth.
17. Representatives from the NDIA and the NDIS Commission will attend Ministerial Council and SOWG meetings as required.
18. Under the NDIS Act, the Ministerial Council may make recommendations to COAG about NDIS policy matters or issues that arise under the NDIS Act or that respond to a scheduled review of the operation of the NDIS Act. The Ministerial Council provides an annual report to COAG and other reports as requested.

Working with the National Disability Insurance Agency

19. The NDIA is an independent statutory agency, whose role, as set out in the NDIS Act, is to deliver the NDIS and manage the financial sustainability of the NDIS, and to develop the sector, build community awareness and undertake data collection and research relating to disabilities.
20. The Parties will work collaboratively with the NDIA to support it to undertake its role in South Australia, and will use available mechanisms to formalise collaboration between the NDIA and the Parties.
21. The Parties may work with the NDIA to consider and resolve bilateral matters relating to the operation of the NDIS. This will be supported by agreed local and state-level governance arrangements which bring together the relevant parties and the NDIA. Unresolved matters could be escalated to the relevant Ministers or First Ministers, or where they have multilateral relevance, the Ministerial Council – or relevant officials' bodies.

22. Under the NDIS Act, the Commonwealth Minister, as chair of the Ministerial Council and with all states' and territories' agreement, can:
- a. give directions, by legislative instrument, to the NDIA about the performance of its functions; and
 - b. provide strategic guidance to the NDIA Board.

Working with the NDIS Quality and Safeguards Commission

23. The NDIS Commission is an independent statutory agency, whose role, as set out in the NDIS Act, is to provide functions relating to the quality and safety of services provided to people with disability, register and oversee the operation of NDIS providers and manage and resolve complaints about NDIS providers.
24. The Parties may work with the NDIS Commission to consider and resolve bilateral matters relating to the operation of the NDIS. This may be supported by agreed governance arrangements which bring together the relevant parties and the NDIS Commission. Unresolved matters could be escalated to the relevant Ministers or First Ministers, or where they have multilateral relevance, the Ministerial Council – or relevant officials' bodies.

Consultation processes on the NDIS Act and legislative instruments

25. Where consultation is required in relation to a proposed change to the NDIS Act, or a new or existing instrument made under it, the following process will be followed:
- a. contact at officer level between the Commonwealth and affected jurisdictions;
 - b. SOWG consideration of a proposed multilateral change;
 - c. if there is an unintended impact on a jurisdiction the Commonwealth should be notified within 14 calendar days of SOWG consideration;
 - d. where there is an unintended impact, the Commonwealth will work with that jurisdiction to remove or minimise it;
 - e. if the process outlined in (c) or (d) above occurs and it results in redrafting, the Commonwealth will recirculate the proposed change to SOWG for agreement within five working days;
 - f. the process outlined in (c), (d) and (e) above may occur more than once;
 - g. if there is no unintended impact notified under (c) above or, where there is such an impact, when the process in (c) (d) and (e) above has occurred, the Commonwealth Minister or, where delegated, the NDIS Commissioner, will write to jurisdictional Ministers about the proposed change and request a response within 28 calendar days of the letter being sent; and
 - h. the Commonwealth Minister or NDIS Commissioner will not make the proposed change before the 28 calendar days in (g) above has expired.
26. Where a proposed change to the NDIS Act, or a new or existing instrument made under it, requires formal agreement of a jurisdiction, a majority of jurisdictions, or all jurisdictions:
- a. the processes outlined in 25(a) to (h) will be followed; and

- b. if a jurisdiction has not responded within the 28 calendar day period indicated in the Commonwealth Minister's or NDIS Commissioner's letter, the jurisdiction is deemed to have agreed the proposal; unless
- c. the jurisdiction has notified the Commonwealth in writing within the 28 calendar day period that its formal agreement requires a formal decision, in which case;
 - i. the notification by the jurisdiction in writing includes the date by which the decision will be made;
 - ii. the notified decision date in (i) above is within 90 calendar days since the date the Commonwealth Minister's or NDIS Commissioner's letter was sent;
 - iii. the jurisdiction notifies the Commonwealth of its decision within two working days of this specified date; and
 - iv. if the Commonwealth has not been notified of the decision, within two working days of the notified date, the jurisdiction will be deemed to have agreed.

Part 5 – NDIS Quality and Safeguarding

27. The NDIS Quality and Safeguarding Framework, agreed by COAG, outlines the roles and responsibilities of the Commonwealth and all state and territory governments in relation to ensuring high quality supports and safe environments for NDIS participants.

Guiding Principles

42. The Parties agree to share responsibility for consulting with stakeholders and partners to inform advice to governments about entrenched or systemic market risks (including in particular sub-markets or geographies), their severity and likely impacts.

Part 7 – NDIS Performance Reporting

43. Under the NDIS Act, the NDIA will provide the following levels of reporting about NDIS performance.

Annual Report

44. An annual report, which summarises the performance and operations of the NDIA as required by the *Public Governance, Performance and Accountability Act 2013* and the NDIS Act.
45. The annual report may also present the actions, initiatives and key performance indicators on the implementation and management of the NDIS against targets set out in the Commonwealth's Portfolio Budget Statements and the NDIA's Corporate Plan.

Quarterly NDIA Performance Reporting

46. The NDIA Board will report quarterly to the Ministerial Council on aspects of operational performance that contribute to the achievement of outcomes for the NDIS.
47. This information will be provided at the national level, and also disaggregated to the level of individual jurisdictions, and include information that relate to either or both of the following in the period to which the report relates:
- a. participants in each jurisdiction; and
 - b. funding or provision of supports by the NDIA in relation to each jurisdiction.
48. Reporting at this level is designed to provide jurisdictions with the information they require to meet their own individual accountability requirements, especially in the budget-reporting context, and to enable South Australia to monitor the impact of the NDIS on its population and service system.

NDIS Activity in Jurisdictions

49. The NDIA must also give additional information when requested by Commonwealth, State and Territory Ministers on:
- a. expenditure, relating to a particular host jurisdiction, of money received by the NDIA from the Commonwealth or that host jurisdiction; or
 - b. activities of the NDIA relating to that jurisdiction.
50. The Parties will agree a performance reporting framework with the NDIA that will support shared monitoring and understanding of the achievement of outcomes for the NDIS in South Australia.

Part 8 – Funding Arrangements

51. The NDIS Act provides for the payment of NDIS financial contributions by the Commonwealth and the states and territories. This Agreement sets out the detail of agreed funding arrangements and payments to be made to the NDIA.
52. The Parties agree to contribute to the NDIS in accordance with Schedule A of this Agreement.
53. The Parties agree to establish a NDIS Reserve Fund from 1 July 2019. The objectives of the Reserve Fund are to improve participant outcomes and manage Scheme sustainability on insurance principles by using the Reserve Fund to manage the lifetime risk of participant costs.
54. The Reserve Fund will be built from accumulated cash in the Scheme. No governments are expected to make additional payments to the Reserve Fund. Actuarial and economic analysis will inform advice to governments about the development and optimal level of the Reserve Fund. The actuarial and economic analysis will be peer-reviewed.
55. The Ministerial Council will, by March 2019, consider the broad policy and design parameters of the Reserve Fund, including the overall purpose and use of the Reserve Fund, the optimal level of reserves and reporting requirements. The Ministerial Council will also confirm that members commit to support the establishment of a national Reserve Fund. Decisions by the Ministerial Council will be in accordance with its Terms of Reference.

Transitional Arrangements

56. The Parties agree that South Australia's contribution to the NDIS may be temporarily adjusted in accordance with Schedule B of this Agreement.

Part 9 – Reviews and variations

Review of the operation of the Agreement

57. The Parties agree to commission a review no later than the end of 2023 that will assess the operation of this Agreement.
58. The review of the operation of this Agreement may take into account outcomes of the legislative review of the NDIS Act, to be commissioned by the Ministerial Council in or after 2021.

Reviews of NDIS Costs

59. The Parties agree to the Ministerial Council separately commissioning an independent review of NDIS costs in 2023 and 2028, and, thereafter, as commissioned by the Ministerial Council.

 - b. achievement and equity of participant outcomes and the effectiveness of ILC;
 - c. the NDIA's operational costs;
 - d. cost pressures, including wages pressures;
 - e. efficiencies within the Scheme;
 - f. whether there has been any service and financial impact, positive or negative, on other service systems; and
 - g. the most appropriate levers to manage financial risks and any cost pressures.
61. Each review should also consider the realisation of broader benefits of the NDIS, nationally and for each jurisdiction, and any additional issues relevant at the time of the review.
62. The Parties commit to consider the outcomes of the reviews in respect of this Agreement.
63. The outcomes of the reviews will also be considered by the Ministerial Council and reported to COAG.

Variation to the Agreement

64. In the event the Commonwealth offers terms that are more favourable in subsequent bilateral agreements with other jurisdictions, these will also be made available to South Australia if South Australia makes such a request and the request relates to substantial financial and governance arrangements and/or policy settings. The Parties agree to negotiate appropriate amendments to this Agreement to give effect to any

changes, including from when any changes come into effect. The Parties agree that this provision excludes:

- a. the quantum of South Australia's contribution, including the provision of cash and in-kind contribution and escalation rate;
- b. South Australia's in-kind funding cap and the values and phase-out deadlines agreed for the in-kind funded supports listed in Schedule B;

66. Schedule B to this Agreement may be amended or revoked, and new Schedules added, with the agreement of the Commonwealth Minister and the South Australian First Minister or, where delegated, the relevant South Australian Minister.

Part 10 – Process for Resolution of Disputes under this Agreement

67. Any Party may give notice to other Parties of a dispute under this Agreement.

68. Officials of relevant Parties will attempt to resolve any dispute bilaterally in the first instance, then if not resolved, escalate through the relevant Ministers and First Ministers.

69. If the dispute relates to a common multilateral provision of the Agreement, and South Australia and the Commonwealth agree, it could also be escalated through relevant multilateral officials groups, and if necessary, the Ministerial Council and COAG.

The Parties have confirmed their commitment to this agreement as follows:

Schedule A. Financial Contributions

South Australia's financial contributions

1. South Australia will contribute \$747.9 million in 2018-19.
2. The \$747.9 million includes a \$24.8 million Budget Neutral Adjustment as a result of changes to Commonwealth and State roles and responsibilities under Schedule F of the 2011 National Health Reform Agreement. The Budget Neutral Adjustment will be escalated at 3.5 per cent per annum.
3. The remaining contribution of \$723.1 million in 2018-19 will be escalated by 4.0 per cent per annum to account for inflation and population changes;
 - a. The escalation rate may be reassessed by the Parties following each independent review of NDIS costs.
 - b. Table 1 outlines South Australia's financial contribution each year from 2018-19 to 2022-23:

TABLE 1: SOUTH AUSTRALIA CONTRIBUTIONS (MILLIONS)

	2018-19	2019-20	2020-21	2021-22	2022-23
Total	\$747.9	\$777.7	\$808.7	\$840.9	\$874.4

4. South Australia's contribution will pay for participant supports, including:
 - a. individualised support packages for Scheme participants; and
 - b. Information, Linkages and Capacity Building and other general supports as described by section 13(2) of the NDIS Act.
5. South Australia's cash contributions in 2018-19 will be made in advance, on the first working day of each month, following receipt of an invoice from the NDIA.
6. South Australia's cash contributions in 2019-20, and every year thereafter, will be made in advance, on the first working day of each quarter, following receipt of an invoice from the NDIA.
7. South Australia's cash contributions will be adjusted to take into account end of transition arrangements, in-kind funding contributions and the maximum level of cash in 2018-19, as outlined in Schedule B.

Commonwealth contributions

8. The Commonwealth will continue to project the future cost of the NDIS, informed by each independent review of NDIS costs commencing from 2023.

9. The Commonwealth will be responsible for the balance of all NDIS costs, taking into account the financial contributions from South Australia, and will fully provision for all Commonwealth financial contributions.
10. The Commonwealth's cash contributions in 2018-19 will be made in advance, on the first working day of each month, following receipt of an invoice from the NDIA.
11. The Commonwealth's cash contributions in 2019-20, and every year thereafter, will be made in advance, on the first working day of each quarter, following receipt of an invoice from the NDIA.

Reallocation of South Australia's contributions

12. A net neutral reallocation of all state and territory contributions will occur from 1 July 2023 and every five years thereafter, in line with each state's and territory's share of the total national population as per the most recent Census data at the time. This Schedule will be amended in 2023 and every five years thereafter to reflect the reallocation.
13. State population shares will be taken from the Australian Bureau of Statistics measure *3101.0 – Australian Demographic Statistics*.
14. State population shares will be taken from the December data from the year that each Census was undertaken (i.e. the first data used will be December 2021 Census data).
15. When a reallocation occurs, the total quantum of baseline state and territory financial contributions to the NDIS in a financial year will be considered as a single figure. This figure will then be divided based upon the updated share of national population residing in each state and territory.
16. This reallocation will result in increased contributions for states and territories whose share of the national population has grown, and reduced contributions for states and territories whose share of the national population has fallen, at the time of reallocation.

The National Injury Insurance Scheme (NIIS)

17. South Australia is required to satisfy the minimum benchmarks outlined in the COAG Decision Regulation Impact Statements – Standing Council on Federal Financial Relations for motor vehicle or workplace accidents.
18. South Australia will make additional contributions to the NDIS if South Australia's motor vehicle or workplace insurance schemes are below nationally agreed minimum benchmarks, or any revised minimum benchmarks subsequently amended by the Standing Council on Federal Financial Relations. The Commonwealth will agree with states and territories a process to verify that minimum benchmarks continue to be met.

19. The amount of any additional contributions from the South Australian Government under Clause 18 will be the cost of the NDIS plan, and administration of that plan, provided to a person in the NDIS:
20. The Commonwealth and South Australia will continue to assess the feasibility of a NIIS for catastrophic general accidents in good faith, through the Standing Council on Federal Financial Relations.
21. The Commonwealth and South Australia may continue negotiations, through the Standing Council on Federal Financial Relations, on coverage for no fault catastrophic medical treatment accidents, following a decision by COAG in 2017 to not proceed with the medical injury stream of the NIIS at this time.

Discharge Delay

22. The Parties agree to request the Ministerial Council to agree principles, key performance indicators and a reporting and amelioration regime for the NDIA and jurisdictions to ensure the timely discharge or release of NDIS eligible individuals from state and territory services, noting that delays in exiting state and territory services have significant impacts on individuals and services.
 - a. For the purposes of this clause, state and territory services include public hospitals, forensic mental health and correctional facilities.

Schedule B. Transitional provisions

End of transition arrangements

1. Remaining transition funding mechanism payments will be in addition to South Australia's NDIS contributions made under this Agreement. The arrears nature of the transition funding mechanism means that payment(s) for the final period of transition from South Australia will be made during the first months of the full Scheme funding arrangements.
2. For the existing South Australian disability clients who did not transition into the NDIS by 30 June 2018, the Parties agree to apply a temporary adjustment to South Australia's financial contribution, for a maximum of nine months until 31 March 2019. The adjustment will cover the reasonable costs associated with continuing to support existing South Australian specialist disability clients who have been found eligible for the NDIS but do not yet have an approved plan.
3. The adjustment will include:
 - a. \$3.31 million per month for the reasonable fixed costs associated with continuing to support existing South Australian specialist disability clients, applied in arrears on a monthly basis until the month following the final plan approval for the remaining existing clients, or for a maximum of nine months; and
 - b. A per person amount for service delivery costs, applied in arrears following plan approval, for all existing active South Australian specialist disability clients for whom:
 - i. a final access decision has not yet been made but who ultimately go on to meet access requirements; or
 - ii. an eligible access decision has been made and they do not yet have an approved plan.
 - c. The per person amount will be equal to:
 - i. actual costs for clients with packages above \$100,000;
 - ii. average costs for clients in four cost bands between \$0-\$100,000 per annum in Table 2.

TABLE 2: ANNUAL PER PERSON AMOUNTS FOR SERVICE DELIVERY COSTS

Band	Annual cost for invoice adjustment
\$100,000+	Actual
\$75,000-\$99,999	\$87,500
\$50,000-\$74,999	\$62,500
\$25,000-\$49,999	\$37,500
\$1-\$24,999	\$10,000

4. The per person amount in Clause 3(c) will be equal to one-twelfth of costs identified in Table 2, multiplied by the number of months from 30 June 2018 until the mid-point of the month of plan approval, up to a maximum of nine months.
5. If the number of existing South Australian clients that have NDIS eligibility confirmed but do not have an approved plan approved is greater than 300 at 31 March 2019, the Parties will consider the need to extend these arrangements by up to three months.
6. Any adjustment will be applied in arrears on a future invoice, based on the end-month client status report provided to SA by the NDIA.

In-kind funding contributions

7. The Parties agree to phase out in-kind funding contributions other than in exceptional circumstances. Exceptional circumstances have been agreed between the Parties to apply an in-kind funding offset for the defined supports identified in Table 3. These in-kind supports have been assessed on the basis they:
 - a. do not contravene section 17A of the NDIS Act in relation to participant's exercising choice and control;
 - b. do not constrain the development of a NDIS support market;
 - c. adhere to principles of competitive neutrality;
 - d. allow the in-kind supports and amounts to be included in participant plans; and
 - e. will be calculated using the NDIA price for supports, where available, or an alternative, agreed unit value.
8. South Australia commits to phasing out in-kind supports as soon as possible and no later than the deadlines specified in Table 3, unless otherwise agreed by the Parties.
9. The maximum in-kind offset South Australia can receive in any financial year is \$188.6 million.
10. The estimated in-kind offset South Australia will receive each year will be specified in an exchange of letters between senior Commonwealth and South Australian officials by 31 March each year for the following financial year. This will reflect the phase out deadlines and values specified in Table 3, and the estimated number of NDIS participants included in the supports listed in Table 3. These details will be provided to the NDIA.
11. South Australia will provide the NDIA with individualised data that meets the NDIA's requirements to enable in-kind supports to be included in NDIS participant plans.
12. South Australia will receive an in-kind offset in arrears based on actual use of in-kind services included in participant plans. The offset will be provided as an adjustment to South Australia's contribution upon the raising of the next invoice by the NDIA.

13. The value of in-kind supports subject to average annualised unit values, defined in Table 3, will be calculated as:
 - a. the number of months each participant has the in-kind support included in their plan since the last adjustment was applied, multiplied by
 - b. $1/12^{\text{th}}$ of the agreed average annualised unit value of the in-kind support, as outlined in Table 3.
 - c. The annual in-kind offset provided to South Australia for the Country Community Services program cannot exceed the total program value identified in the annual exchanges of letters outlined in Clause 10.

14. The value of in-kind supports subject to average hourly unit value, defined in Table 3, will be calculated as:
 - a. the annualised number of hours each participant has the in-kind support in their plan, divided by the number of months since the last adjustment was applied, multiplied by
 - b. the hourly rate of the in-kind support, as outlined in Table 3.

15. Table 3 does not include a cash-out deadline for the following in-kind supports:
 - a. School Transport; and
 - b. Access Assistant Program (Personal Care in Schools).

16. The Ministerial Council will determine when the in-kind funding for supports in Clause 15 will be phased out, once it has considered options for the future delivery of personal care in schools and specialist school transport for all schools that are appropriate for participants, providers and governments.
 - a. The average unit values in Table 3 for these supports are based on the South Australian cost of service delivery. They do not reflect the cost to the NDIS of providing these supports.

Maximum level of cash for participant package costs in 2018-19

17. The Parties agree that in 2018-19 there is a maximum level of cash the NDIA can hold for the package costs for participants aged 0 to 64 years in South Australia (excluding package costs for Aboriginal and Torres Strait Islander participants aged 50 to 64 years). If this maximum level is reached, the remaining funding contributions from the Commonwealth and South Australia would be reduced such that maximum cash holdings does not exceed the maximum level. The maximum level is:
 - a. equal to the 3 months of the 2017-18 Agreed Annual Funding Contributions indexed by 4.3% for participants in the Scheme (the ceiling would not be based on actual plan commitments); and
 - b. recalculated each month at the time invoices are prepared.
18. The Parties agree that the detailed calculation method for contributions and the maximum level of cash in 2018-19 will be agreed by senior officials via an exchange of letters no later than mid July 2018.

Participant Transition Arrangements for 2018-19

19. It is expected that the majority of the South Australian specialist disability clients will have transitioned to the NDIS by 30 June 2018.
20. The transition of all eligible clients of other Commonwealth and South Australian funded disability and mental health programs will be completed by July 2019.
21. In South Australia, it is estimated that around 6,300 people will access the NDIS in 2018-19, including approximately 1,805 clients of South Australian mental health programs, as outlined in Table 4 below.
22. The Parties agree the importance of providing appropriate available data to the NDIA six months prior to the commencement of the transition of clients of South Australian and Commonwealth funded programs to support their transition to the NDIS, as agreed in the existing Information and Data Sharing Working Arrangements.

Quality and Safeguarding

23. The transition to national quality and safeguarding arrangements will be guided by a multilateral framework and implemented through agreed arrangements between the Commonwealth and South Australia.
24. The Commonwealth, through the NDIS Commission, and all jurisdictions will provide reports to the Ministerial Council on progress in implementing the NDIS Quality and Safeguarding Framework.
25. The Parties agree that the Commonwealth will develop working arrangements and protocols as required with South Australia in relation to the reduction and elimination of restrictive practices and the NDIS Commissions' behaviour support function.
26. The NDIS Commission will agree working arrangements with South Australian agencies that support the NDIS Commission's functions and the ongoing functions of South Australian agencies. This includes State Ombudsman's offices, health care complaints bodies and other bodies as appropriate.

Governance

27. The Parties agree to request the Ministerial Council to supplement the Strategic Guidance endorsed by the Ministerial Council in March 2017 to reinforce the expectation that the NDIA Board will continue to work collaboratively with all governments during full Scheme.

Changes to the NDIS Act to allow streamlined decision making

28. The Parties agree the Commonwealth introduce changes to the NDIS Act to allow:
- a. NDIA Board appointments and terminations to be made by the Commonwealth Minister on the basis of majority agreement between jurisdictions, where the majority includes the Commonwealth;
 - b. Independent Advisory Council appointments be made by the Commonwealth Minister on the basis of consultation with jurisdictions; and
 - c. rules made for the purpose of plan management (Sections 35, 40, 44, 45 and 46) unless it relates to Statement of Participant Supports, timeframes for decision-making (Section 204), risk management (Section 125B) and the Scheme actuary (Section 180C) be made by the Commonwealth Minister on the basis of consultation with jurisdictions.
29. If required, the Commonwealth will also introduce changes to the NDIS Act to allow a 28 day requirement for Ministers to respond to requests for agreement to new or amended rules, where no response after 28 days is taken as agreement.
